Dear Anthony

This comment is still valid unless there has been a change in the development and corresponding water and sewer requirements.

Kind regards

Dear Shamile,

I hope all is well.

Please may you confirm whether the previously confirmed capacity [as per your correspondence dated 17th May 2019 - please find attached] within the water and sewer network to accommodate the proposed development is still valid.

If so, please may you update the letter accordingly and confirm that the service capacity still remains valid.

Your timeous feedback on this matter will be appreciated.
