COMMENT ON PROPOSED INSTALLATION OF 3 X 83M3 (249M3) DIESEL ABOVEGROUND STORAGE TANKS (AST's) ON ERF 601, STASIE ROAD, LUTZVILLE, WEST COAST DISTRICT (SEC Project Number, 024053)

The Post Application Draft Basic Assessment Report dated August 2025, which was received by the Department on the 16th of September 2025 refers.

The Department has reviewed the report and the attached appendices and has the following comments:

1. When training is conducted for housekeeping, the contractor should also educate the staff and any visitors on separation at source including waste minimisation practices on site.
2. All measures must be taken to limit and manage, when applicable, all oil spills so as to prevent negative environmental impacts on water and soil.

Please contact the Directorate: Waste Management should you have any enquiries regarding the above comment.

Yours faithfully,

EVODIA BOONZAAIER
ACTING HEAD OF COMPONENT: WASTE POLICY AND MINIMISATION
